NCG: National Certified Guardian

NMG: National Master Guardian

The Michigan Guardianship Association has developed the Guardian Resource Listing to address queries the Association receives from individuals, families and entities seeking referral sources for guardians in specific areas or possessing certain areas of specialization. MGA does not provide recommendations nor evaluate competencies beyond requiring certification.

In order to be listed, all of the following criteria must be met.

1. Only individuals may be listed¹.
2. Individuals must be a current member of MGA.
3. Individuals must be a Center for Guardianship Certification (CGC) National Certified or Master Guardian. (visit www.guardianshipcert.org – Center for Guardianship Certification link for details)
4. Individuals must be willing to have an address and phone number on the MGA website.
5. Individuals must list the counties or regions in which they are willing to provide service.
6. Individuals may list areas of specialization or types of cases preferred, i.e., dementia, developmentally disabled, traumatic brain injury, etc.

Failure to maintain National Certified or Master Guardian certification (regardless of the reason) or failing to renew membership in MGA will result in an individual's name being removed from the resource list.
